

UNIVERSITY OF REGINA
Department of Computer Science

CS 215 – Web Oriented Programming
Fall 2012

Instructor: **Dr. Orland Hoeber**
Lectures: **T/TH 11:30 AM – 12:45 PM (RIC 208)**
Webpage: **<http://www.cs.uregina.ca/~hoeber/teaching/cs215/>**
Email: **orland.hoeber@uregina.ca**

Office Hours: **T/Th 2:30 PM – 4:00 PM (other times by appointment only)**
Office: **CW 308.25**
Phone: **306-585-4598**

Labs: **T 8:30 AM – 10:20 AM (CL 115) or**
W 1:30 PM – 3:20 PM (CL 115) or
F 11:30 AM – 1:20 PM (CL 115)

Course Prerequisites

CS 210 (Data Structures and Abstractions)

Course Objectives

This course shows how interactive client/server web applications are designed and implemented. Appropriate languages for web computing will be discussed. Human-computer interfaces, data models, and database connectivity will be explored in the context of web computing.

Textbook

Sebesta, R. W. *Programming the World Wide Web, 7th Edition*, Pearson Education Inc., 2013 (ISBN-13: 978-0-13-266581-0)

Evaluation

The final grade in the course will be determined as follows:

Assignments	4 x 9%	36%
Lab Assignments:	10 x 2%	20%
Midterm Exam	Oct 25	17%
Final Exam	Dec 18	27%
Total		100%

In order to pass the course, you must pass the final exam. Your final mark may be adjusted by +/- 5%, at the instructor's discretion.

Course Schedule & Topics (Tentative)

Week	Date	Topics
0	September 6	<ul style="list-style-type: none"> • Introduction & Syllabus Review
1	September 11/13	<ul style="list-style-type: none"> • Readings: Ch 1 • The Internet & the Web
2	September 18/20	<ul style="list-style-type: none"> • Readings: Ch 2 • HTML/XHTML/HTML5
3	September 25/27	<ul style="list-style-type: none"> • Readings: Ch 3 • CSS
4	October 2/4	<ul style="list-style-type: none"> • Readings: Ch 4 • JavaScript Fundamentals • Assignment 1 (Oct 2)
5	October 9/11	<ul style="list-style-type: none"> • Readings: Ch 5 • JavaScript and HTML Documents
6	October 16/18	<ul style="list-style-type: none"> • Readings: Ch 6 • JavaScript and Dynamic Documents
7	October 23/25	<ul style="list-style-type: none"> • Midterm Review • Assignment 2 (Oct 23) • Midterm Exam (Oct 25)
8	October 30/November 1	<ul style="list-style-type: none"> • Readings: Ch 9 • PHP
9	November 6/8	<ul style="list-style-type: none"> • Readings: Ch 13 • MySQL and Web Databases
10	November 13/15	<ul style="list-style-type: none"> • MySQL and Web Databases (continued) •
11	November 20/22	<ul style="list-style-type: none"> • Readings: Ch 7, 10 • XML and AJAX • Assignment 3 (Nov 20)
12	November 27/29	<ul style="list-style-type: none"> • Advanced AJAX
13	December 4	<ul style="list-style-type: none"> • Final Review • Assignment 4 (Dec 4)

The **Final Exam** has been scheduled for Tuesday December 18, 2012 from 9:00 AM - 12:00 PM. The exam will be comprehensive, with extra weight given to the topics covered after the midterm.

Lectures and Lecture Notes

Lectures will be held twice per week: T/TH 11:30 AM – 12:45 PM in RIC 208. All lecture notes and assignments will be posted on UR Courses. The lecture notes should not be used as an alternative to attending the lectures. It is expected that students will attend the lectures, listen to the explanations and discussions, and take notes about the important information.

Assignments

All assignments are due prior to the beginning of the class on the specified dates, and must be submitted electronically via UR Courses. Late submissions will not be accepted, but the grades for missing assignments may be moved to the final exam under exceptional circumstances, and with appropriate documentation.

Labs and Lab Assignments

Students are expected to attend the labs in the lab session in which they are registered only. Attending a lab session for which you are not registered is not permitted due to space and resource limitations.

Lab attendance will be logged during each lab session; 1/3 of your lab mark is based on your attendance and active participation in the activities of the lab.

Lab assignments are due by 10:00 PM on the day of the lab session in which you are registered. For example, if you are registered in the Wednesday afternoon lab, your lab assignment will be due at 10:00 PM on that day. Late submissions will not be accepted, but the grades for missing lab assignments may be moved to the final exam under exceptional circumstances, and with appropriate documentation.

Grades

All grades will be assigned according to the Undergraduate Calendar, Section 5.9: Grading System and Descriptions:

90–100: An outstanding performance.

80–89: Very good performance.

70–79: Above average performance.

60–69: A generally satisfactory and intellectually adequate performance.

50–59: A barely acceptable performance.

0–49: An unacceptable performance.

Other Notes and Information

1. The best way to contact me is via email.
2. You should send class-related email using your University of Regina account only. This will ensure that spam filtering does not keep your email from getting to me.
3. You should check UR Courses and your University email on a regular basis. Important announcements both for this class will be made on UR Courses. Other announcements and direct communication will be via email.
4. Students are expected to attend the lectures and labs. If you must skip a lecture or lab, it is your responsibility to find out from classmates what you missed.
5. Although group discussions and study groups are encouraged, all lab work and assignments are to be completed individually. Group discussions should be focused on general concepts, ideas, and lecture materials, and not the specifics of any assignment or lab.
6. Plagiarism and other forms of academic misconduct will not be tolerated. It is up to each student to understand the rules and regulations pertaining to this (Section 5.13 in the Undergraduate Calendar). Be aware that not only is the act of copying the work of another considered plagiarism, so is the act of allowing another to copy your work.
