|  |

HTTP DNS

FTP  FTP

e tc.  etc.

IP: Internet Protocol
TCP: Transmission Control Protocol
UDP: User Datagram Protocol
HTTP: HyperText Transport Protocol
FTP: File Transfer Protocol
URL: https://www.google.com

This website has a very good interface design, the interface almost disappears, it is easy for users to find what they need. We can easily identify the searching is the most important core task for this website and it is more efficient.

This website is a grid-based design, but only shows the logo and search bar. The more interesting thing is, that the logo will change to different styles when the special day comes.

Talking about usability, this website is easy for use and complete the task correctly as long as the user knows what he/she need. Moreover, user can have positive experience while completing the task, because of its effective and efficient. Last but not least, this website is easy for the user to learn how to use the interface.
